Dear Sergeant Hack,

Thank you so much for providing the Uncle Sam facemasks for our Recruiting Command team. I appreciate your thoughtfulness.

Your continued support of our military is commendable. Our mission can be difficult – especially during the difficult times which affect not only our local communities but also our entire country. You are a tremendous advocate for our military, and I truly appreciate that you are continuing to share your Army story.

Again, thank you for what you do on a daily basis to support our Army and Recruiting Command. Keep up the great work!

Service Matters! Winning Matters!

Thank You!
